Are you tired of...

- Spending your valuable time managing and maintaining attendance data manually?
- Paying high amount to HR software service providers?
- Manually correcting or regularizing employee attendance data?
- Addressing employee queries that take up most of your time?

YES

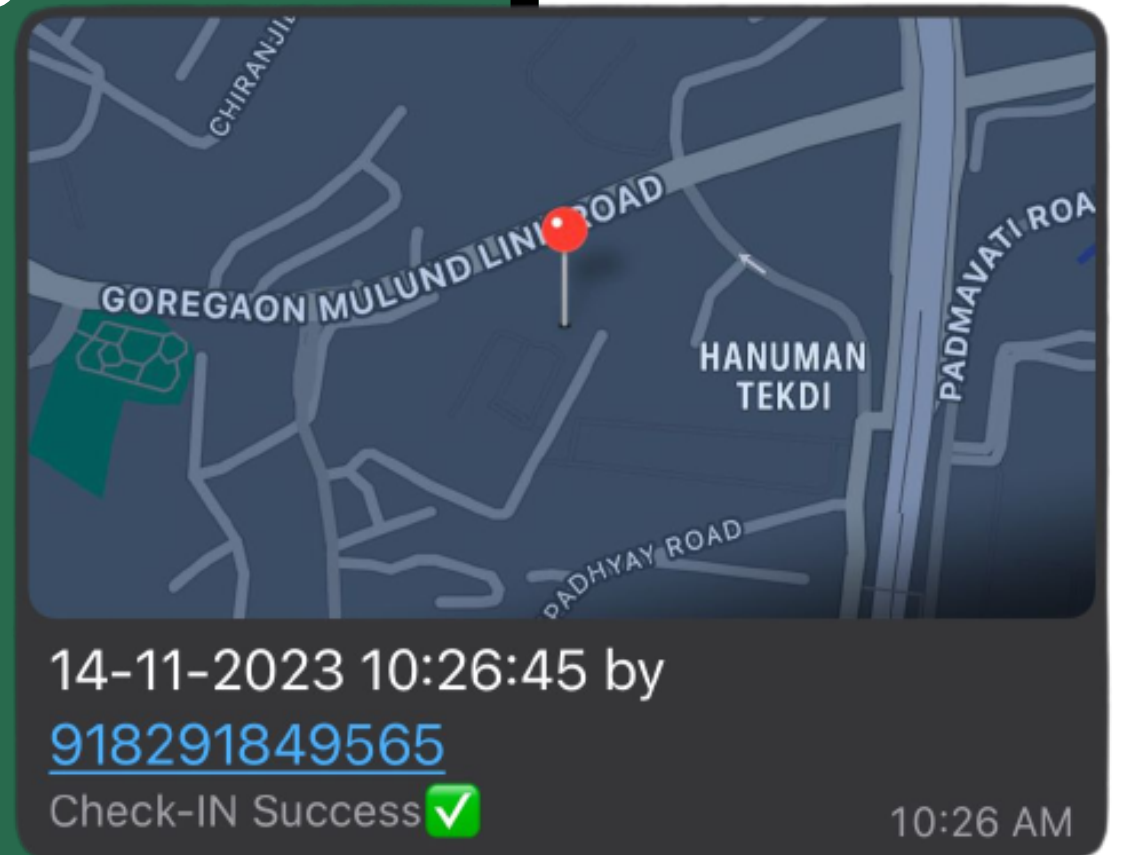

Employee Features:

The easiest method to mark your attendance and quickly receive reports on WhatsApp.

Mark Your Attendance

- Keep Track of Your Daily Attendance with a Simple "Hi"
- Gone are the days of traditional sign-in sheets or time-consuming online systems. All you have to do now is type "Hi" to the bot, and it will automatically record your presence for the day. This method is not only quick and easy, but it's also environmentally friendly.
